PROJECTS

Anvaya CRM App

React.js • Node.js • Express.js • MongoDB • Mongoose • JWT

Live: [Live Demo](#)

- Developed a full-stack CRM application using React.js, Node.js, Express.js and MongoDB to manage leads, sales agents and comments via RESTful APIs.
- Integrated JWT-based authentication and authorization while ensuring secure and efficient data handling with MongoDB.

Workasana

React.js • Node.js • Express.js • MongoDB • Mongoose • Chart.js • JWT

Live: [Live Demo](#)

- Developed a collaborative project management system featuring user authentication, project and task management, team administration, and owner-based access control.
- Created interactive dashboards with pie charts and bar charts to provide real-time insights into projects, tasks, and team productivity.

MyShoppingApp

React.js • Node.js • Express.js • MongoDB • Mongoose • JWT

Live: [Live Demo](#)

- Developed a full-stack e-commerce application with secure user authentication, product browsing, shopping cart and order management features
- Designed RESTful APIs and MongoDB Schemas using Mongoose to efficiently manage products, users, and orders.
